# SAFETY DATA SHEET

Classified in accordance 29 CFR 1910.1200

## 1. Identification

| Product No.: | Product name:                                    | Common name(s),<br>synonym(s) |
|--------------|--------------------------------------------------|-------------------------------|
| 231149       | BD BBL™ Sensi-Disc™ Nitrofurantoin 300 µg, 1 Ea  | No data available             |
| 231292       | BD BBL™ Sensi-Disc™ Nitrofurantoin 100 µg, 10 Ea | No data available             |
| 231293       | BD BBL™ Nitrofurantoin F/M-300 10 Ea             | No data available             |

### Recommended restrictions

**Recommended use:** Scientific and industrial laboratory use. For In Vitro Diagnostic Use.

**Restrictions on use:** None known.

### Manufacturer/Importer/Distributor Information

#### Manufacturer

Company Name: BD, Integrated Diagnostic Solutions  
Address: 7 Loveton Circle  
Sparks, MD 21152  
USA  
  
Telephone: 1 844 823 5433  
Fax: not available  
Contact Person: Business Unit Product Stewardship Team  
E-mail: IDS\_SDS@bd.com

**Emergency telephone number:** CHEMTREC 1 800 424 9300

## 2. Hazard(s) identification

### Hazard Classification

#### Health Hazards

|                        |            |
|------------------------|------------|
| Acute toxicity (Oral)  | Category 4 |
| Respiratory sensitizer | Category 1 |

**Becton, Dickinson  
and Company**  
BD, Franklin Lakes, NJ  
07417 USA

Version: 1.5  
Last revised date: 04/30/2024

|                                                       |            |
|-------------------------------------------------------|------------|
| Skin sensitizer                                       | Category 1 |
| Germ Cell Mutagenicity                                | Category 2 |
| Carcinogenicity                                       | Category 2 |
| Toxic to reproduction                                 | Category 2 |
| Specific Target Organ Toxicity -<br>Repeated Exposure | Category 2 |

#### **Environmental Hazards**

|                                               |            |
|-----------------------------------------------|------------|
| Chronic hazards to the aquatic<br>environment | Category 3 |
|-----------------------------------------------|------------|

#### **Label Elements**

##### **Hazard Symbol:**

##### **Signal Word:**

##### **Hazard Statement:**

Danger

H302: Harmful if swallowed.

H334: May cause allergy or asthma symptoms or breathing difficulties if inhaled.

H317: May cause an allergic skin reaction.

H341: Suspected of causing genetic defects.

H351: Suspected of causing cancer.

H361f: Suspected of damaging fertility.

H373: May cause damage to organs through prolonged or repeated exposure.

H412: Harmful to aquatic life with long lasting effects.

##### **Precautionary Statements**

##### **Prevention:**

P201: Obtain special instructions before use.

P260: Do not breathe dust/fume/gas/mist/vapors/spray.

P261: Avoid breathing dust/fume/gas/mist/vapors/spray.

P272: Contaminated work clothing should not be allowed out of the workplace.

P273: Avoid release to the environment.

P280: Wear protective gloves/ protective clothing/ eye protection/ face protection.

P285: In case of inadequate ventilation wear respiratory protection.

##### **Response:**

P301+P312: IF SWALLOWED: Call a POISON CENTER/doctor if you feel

**Becton, Dickinson  
and Company**

07417 USA  
www.bd.com

Version: 1.5  
Last revised date: 04/30/2024

unwell.  
P330: Rinse mouth.  
P362+P364: Take off contaminated clothing and wash it before reuse.  
P333+P313: If skin irritation or rash occurs: Get medical advice/attention.  
P304+P340: IF INHALED: Remove person to fresh air and keep comfortable for breathing.  
P342+P311: If experiencing respiratory symptoms: Call a POISON CENTER or doctor/ physician.  
P308+P313: IF exposed or concerned: Get medical advice/attention.

**Storage:** P405: Store locked up.

**Disposal:** P501: Dispose of contents/ container to an approved facility in accordance with local, regional, national and international regulations.

**Other hazards which do not result in GHS classification:** None.

### 3. Composition/information on ingredients

#### Substances

| Chemical Identity          | Common name and synonyms | CAS number | Content in percent (%) <sup>*</sup> |
|----------------------------|--------------------------|------------|-------------------------------------|
| Nitrofurantoin monohydrate | No data available.       | 17140-81-7 | 100%                                |

<sup>\*</sup> All concentrations are percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume.

### 4. First-aid measures

#### Description of first aid measures

**General information:** Get medical attention if symptoms occur.

**Inhalation:** Provide fresh air, warmth and rest, preferably in comfortable upright sitting position. Get medical attention if symptoms persist.

|                                                                               |                                                                                                                                                                                                                   |
|-------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Skin Contact:</b>                                                          | Wash off promptly and flush contaminated skin with water. Promptly remove clothing if soaked through and flush skin with water. Get medical attention if symptoms occur. Wash contaminated clothing before reuse. |
| <b>Eye contact:</b>                                                           | Immediately flush with plenty of water for at least 15 minutes. If easy to do, remove contact lenses. Get medical attention promptly if symptoms occur after washing.                                             |
| <b>Ingestion:</b>                                                             | If swallowed, rinse mouth with water (only if the person is conscious). Do NOT induce vomiting. Get medical attention immediately.                                                                                |
| <b>Personal Protection for First-aid Responders:</b>                          | No data available.                                                                                                                                                                                                |
| <b>Most important symptoms and effects, both acute and delayed Symptoms:</b>  | Symptoms may be delayed.                                                                                                                                                                                          |
| <b>Hazards:</b>                                                               | May cause an allergic skin reaction. May cause allergy or asthma symptoms or breathing difficulties if inhaled.                                                                                                   |
| <b>Indication of immediate medical attention and special treatment needed</b> |                                                                                                                                                                                                                   |
| <b>Treatment:</b>                                                             | Wash off promptly and flush contaminated skin with water. Promptly remove clothing if soaked through and flush skin with water.                                                                                   |

## 5. Fire-fighting measures

|                                                                       |                                                                                                                                                         |
|-----------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>General Fire Hazards:</b>                                          | Extinguish all ignition sources. Avoid sparks, flames, heat and smoking. Ventilate. Use water to keep fire exposed containers cool and disperse vapors. |
| <b>Suitable (and unsuitable) extinguishing media</b>                  |                                                                                                                                                         |
| <b>Suitable extinguishing media:</b>                                  | Water spray, foam, dry powder or carbon dioxide. Use fire-extinguishing media appropriate for surrounding materials.                                    |
| <b>Unsuitable extinguishing media:</b>                                | Avoid water in straight hose stream; will scatter and spread fire.                                                                                      |
| <b>Special hazards arising from the substance or mixture:</b>         | Fire or excessive heat may produce hazardous decomposition products.                                                                                    |
| <b>Special protective equipment and precautions for fire-fighters</b> |                                                                                                                                                         |

**Becton, Dickinson  
and Company**  
BD, Franklin Lakes, NJ

www.bd.com

Version: 1.5  
Last revised date: 04/30/2024

|                                                 |                                                                                                                                                                  |
|-------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Special fire-fighting procedures:               | No unusual fire or explosion hazards noted.                                                                                                                      |
| Special protective equipment for fire-fighters: | Firefighters must use standard protective equipment including flame retardant coat, helmet with face shield, gloves, rubber boots, and in enclosed spaces, SCBA. |

## 6. Accidental release measures

|                                                                             |                                                                                                                                                                                                                                                                                                                                                                                                       |
|-----------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Personal precautions, protective equipment and emergency procedures:</b> | Ensure suitable personal protection (including respiratory protection) during removal of spillages in a confined area. Contact local authorities in case of spillage to drain/aquatic environment.                                                                                                                                                                                                    |
| <b>Accidental release measures:</b>                                         | No data available.                                                                                                                                                                                                                                                                                                                                                                                    |
| <b>Methods and material for containment and cleaning up:</b>                | Stop leak if possible without any risk. Absorb or cover with dry earth, sand or other non-combustible material and transfer to containers. Collect for salvage or disposal. Prevent runoff from entering drains, sewers, or streams. Report spills as required to appropriate authorities. See Section 8 of the SDS for Personal Protective Equipment. For waste disposal, see section 13 of the SDS. |
| <b>Environmental Precautions:</b>                                           | Avoid release to the environment.                                                                                                                                                                                                                                                                                                                                                                     |

## 7. Handling and storage

### Handling

|                                    |                                                                                                                                                                                                       |
|------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Technical measures:</b>         | No data available.                                                                                                                                                                                    |
| <b>Local/Total ventilation:</b>    | No data available.                                                                                                                                                                                    |
| <b>Safe handling advice:</b>       | Wash promptly with soap and water if skin becomes contaminated. When using do not eat, drink or smoke. Read and follow manufacturer's recommendations. Use personal protective equipment as required. |
| <b>Contact avoidance measures:</b> | No data available.                                                                                                                                                                                    |

## Storage

|                                  |                                                                                      |
|----------------------------------|--------------------------------------------------------------------------------------|
| <b>Safe storage conditions:</b>  | Store in tightly closed original container in a dry, cool and well-ventilated place. |
| <b>Safe packaging materials:</b> | No data available.                                                                   |

## 8. Exposure controls/personal protection

### Control Parameters

#### Occupational Exposure Limits

None of the components have assigned exposure limits.

#### Biological Limit Values

No biological exposure limits noted for the ingredient(s).

#### Appropriate Engineering Controls

Adequate ventilation should be provided whenever the material is heated or mists are generated.

### Individual protection measures, such as personal protective equipment

|                             |                                                     |
|-----------------------------|-----------------------------------------------------|
| <b>Eye/face protection:</b> | Wear safety glasses with side shields (or goggles). |
|-----------------------------|-----------------------------------------------------|

### Skin Protection

|                         |                                                                   |
|-------------------------|-------------------------------------------------------------------|
| <b>Hand Protection:</b> | Material: Use suitable protective gloves if risk of skin contact. |
|-------------------------|-------------------------------------------------------------------|

Version: 1.5  
Last revised date: 04/30/2024

**Skin and Body Protection:**

Wear appropriate clothing to prevent repeated or prolonged skin contact.

**Respiratory Protection:**

If engineering controls do not maintain airborne concentrations below recommended exposure limits (where applicable) or to an acceptable level (in countries where exposure limits have not been established), an approved respirator must be worn.

**Hygiene measures:**

Do not eat, drink or smoke when using the product. Wash promptly if skin becomes contaminated. Wash at the end of each work shift and before eating, smoking and using the toilet. Avoid contact with skin.

## 9. Physical and chemical properties

### Information on basic physical and chemical properties

#### Appearance

|                        |                                     |
|------------------------|-------------------------------------|
| <b>Physical state:</b> | solid                               |
| <b>Form:</b>           | Solid                               |
| <b>Color:</b>          | According to product specification. |

**Odor:** Characteristic

**Odor Threshold:** No data available.

**Melting Point:** No data available.

**Boiling Point:** No data available.

**Flammability:** No data available.

#### Upper/lower limit on flammability or explosive limits

**Explosive limit - upper:** No data available.

**Explosive limit - lower:** No data available.

**Flash Point:** Not applicable

**Self-ignition:** No data available.

**Becton, Dickinson  
and Company**  
BD, Franklin Lakes, NJ  
07417 USA  
www.bd.com

Version: 1.5  
Last revised date: 04/30/2024

**Decomposition Temperature:** No data available.

**pH:** No data available.

**Viscosity**

**Dynamic viscosity:** Not determined.

**Kinematic viscosity:** Not determined.

**Flow Time:** No data available.

**Solubility(ies)**

**Solubility in Water:** Completely Soluble

**Solubility (other):** No data available.

**Partition coefficient (n-octanol/water):** No data available.

**Vapor pressure:** No data available.

**Relative density:** No data available.

**Density:** No data available.

**Bulk density:** No data available.

**Vapor density (air=1):** No data available.

**Other information**

**Metal Corrosion:** Non-corrosive per US Department of Transportation testing protocol.

## 10. Stability and reactivity

**Reactivity:** Material is stable under normal conditions.

**Chemical Stability:** No data available.

**Possibility of hazardous reactions:** None under normal conditions.

**Conditions to avoid:** Avoid exposure to high temperatures or direct sunlight.

**Incompatible Materials:** Strong oxidizing agents.

**Hazardous Decomposition Products:** By heating and fire, harmful vapors/gases may be formed.

## 11. Toxicological information

**General information:** Prolonged exposure to the preparation may cause serious health effects.

### Information on likely routes of exposure

**Inhalation:** May cause respiratory allergy.

**Skin Contact:** May cause allergic skin reaction based on human experience.

**Eye contact:** Avoid contact with eyes.

**Ingestion:** Ingestion may cause severe irritation of the mouth, the esophagus and the gastrointestinal tract. Harmful if swallowed.

### Acute toxicity (list all possible routes of exposure)

#### Oral

**Product:** Harmful if swallowed.  
ATEmix, 500 mg/kg

**Components:**  
Nitrofurantoin  
monohydrate No data available.

#### Dermal

**Product:** No data available.

**Components:**  
Nitrofurantoin  
monohydrate No data available.

#### Inhalation

**Product:** No data available.

**Components:**  
Nitrofurantoin  
monohydrate No data available.

#### Repeated dose toxicity

**Product:** No data available.

**Components:**  
Nitrofurantoin  
monohydrate No data available.

#### Skin Corrosion/Irritation

**Product:** No data available.

**Becton, Dickinson  
and Company**  
BD, Franklin Lakes, NJ  
07417 USA  
www.bd.com

**Components:**

Nitrofurantoin  
monohydrate                      No data available.

**Serious Eye Damage/Eye Irritation**

**Product:**                      No data available.

**Components:**

Nitrofurantoin                      No data available.  
monohydrate

**Respiratory or Skin Sensitization**

**Product:**                      May cause an allergic skin reaction. May cause allergy or asthma  
symptoms or breathing difficulties if inhaled.

**Components:**

Nitrofurantoin                      No data available.  
monohydrate

**Carcinogenicity**

**Product:**                      Suspected of causing cancer.

**Components:**

Nitrofurantoin                      No data available.  
monohydrate

**IARC Monographs on the Evaluation of Carcinogenic Risks to Humans:**

No carcinogens present or none present in regulated quantities

**ACGIH: US.ACGIH Threshold Limit Values:**

No carcinogens present or none present in regulated quantities

**US. National Toxicology Program (NTP) Report on Carcinogens:**

No carcinogens present or none present in regulated quantities

**US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1053), as amended:**

No carcinogens present or none present in regulated quantities

**Germ Cell Mutagenicity**

Suspected of causing genetic defects.

**In vitro**

**Product:**                      No data available.

**Components:**

Nitrofurantoin                      No data available.  
monohydrate

**In vivo**

**Product:**                      No data available.

**Components:**

**Becton, Dickinson  
and Company**  
BD, Franklin Lakes, NJ

Nitrofurantoin  
monohydrate No data available.

**Reproductive toxicity**

**Product:** Suspected of damaging fertility.

**Components:**  
Nitrofurantoin No data available.  
monohydrate

**Specific Target Organ Toxicity - Single Exposure**

**Product:** No data available.

**Components:**  
Nitrofurantoin No data available.  
monohydrate

**Specific Target Organ Toxicity - Repeated Exposure**

**Product:** Category 2

**Components:**  
Nitrofurantoin No data available.  
monohydrate

**Aspiration Hazard**

**Product:** No data available.

**Components:**  
Nitrofurantoin No data available.  
monohydrate

**Information on health hazards**

**Other hazards**

**Product:** No data available.

## 12. Ecological information

**General information:** Contains a substance which causes risk of hazardous effects to the environment.

**Ecotoxicity:**

**Acute hazards to the aquatic environment:**

**Fish**

**Product:** The product contains a substance which is harmful to aquatic organisms and which may cause long-term adverse effects in the aquatic

### 13. Disposal considerations

|                                |                                                                                                                                                                                                    |
|--------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>General information:</b>    | Dispose of waste and residues in accordance with local authority requirements.                                                                                                                     |
| <b>Disposal methods:</b>       | Discharge, treatment, or disposal may be subject to national, state, or local laws.<br><br>Since emptied containers retain product residue, follow label warnings even after container is emptied. |
| <b>Contaminated Packaging:</b> | Dispose of contents/container to an appropriate treatment and disposal facility in accordance with applicable laws and regulations, and product characteristics at time of disposal.               |

### 14. Transport information

#### Environmental Hazards

|                            |    |
|----------------------------|----|
| Environmentally Hazardous: | No |
| Marine Pollutant:          | No |

#### IATA

Not Regulated.

#### IMDG

Not Regulated.

#### Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

## 15. Regulatory information

### US Federal Regulations

#### **TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)**

None present or none present in regulated quantities.

#### **US. Toxic Substances Control Act (TSCA) Section 5(a)(2) Proposed Significant New Use Rules (SNURs) (40 CFR 721, Subpt E)**

None present or none present in regulated quantities.

#### **US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1053), as amended**

None present or none present in regulated quantities.

#### **CERCLA Hazardous Substance List (40 CFR 302.4):**

None present or none present in regulated quantities.

#### **Superfund Amendments and Reauthorization Act of 1986 (SARA)**

#### **Hazard categories**

Acute toxicity (any route of exposure), Respiratory or Skin Sensitization, Germ Cell Mutagenicity, Carcinogenicity, Specific target organ toxicity (single or repeated exposure)
