Fisher Scientific provides SDSs in compliance with the Globally Harmonized Standard or GHS requirements as adopted by OSHA, CFR 29, 1910.1200. The Hazard Communication Standard requires all manufacturers to provide up to date SDSs to customers. SDSs are also available on [www.FisherSci.com](http://www.FisherSci.com).

We are “**Going Green.**” We are asking all customers to complete the information below to have product SDSs emailed to your company. If you have not already signed up, please make this commitment today! We thank you, the environment thanks you, and the trees thank you! Do you know it takes about 6% of a tree to make one ream of paper (500 sheets)?

 **Please consider the environment - go GREEN**
